### Director's Report –December 12, 2022 Amy Trumble

#### **Website Update Complete**

Our new webpage went public November 30<sup>th</sup>. Changes were made to the font, layout, sidebars, and search bar. The goal was to make the site easier to read and navigate, and give it an overall cleaner, more modern look. We look forward to working with the new features this version offers. Be sure to check it out when you have time.

#### **Sugar River Dulcimer Group**

The library is working with Milo Parker and local dulcimer players to host a music opportunity for members of the surrounding communities. All are welcome to join Milo and friends on the first and third Wednesdays of the month from 11a.m. to 1p.m. Dulcimers and sheet music are available for use.

#### A New Painting Exhibition

Local artist, Chuck Bauer, is displaying his paintings during the months of December and January. Chuck specializes in en plein air painting and likes to work from nature whenever possible. Many of his works are set in rural southern Wisconsin as well as the Madison area. His work is unique in that he uses abstract approaches and bold colors to portray natural themes.

#### **Study Carrels**

Our new study carrels arrived! In order to make the copier accessible to patrons we needed to move a computer station. The result was that we had two computer stations at the same table in close proximity to one another. In order to offer some separation and privacy for computer users we purchased two study carrels. Patrons have been using them and appreciate having their own individual space to work.

#### **New Glarus Public Library is on Instagram!**

Julie was hard at work last month getting us set up with an Instagram account. We are now public on the app. It will be used as an extension of our webpage and Facebook and contain the same information in picture form in order to reach a wider population of all that the library has to offer. As the formulas for Facebook and Instagram are different we should be able to reach more people. We can monitor the metrics and time spent updating Instagram posts to determine how effective and useful it is as a tool for informing the community about library happenings.
