Director's Report –May 17, 2023 Amy Trumble

Charging Pole/ Bench Project

We continue to make progress on the installation of the charging pole in Village Park. The pole and bench are currently being stored at the Street Department. The Parks and Rec Committee has approved the addition of the adjacent bench and the 12' x 8' concrete pour needed for them. It will go to the Village Board for final approval on May 16, 2023. The concrete work will be done by New Glarus Concrete LLC and paid for by the Friends of the library. Once final approval is received the concrete pour will be scheduled and the bench and charging pole will be installed.

Teen Programming

We have been exploring options for creating teen programming. As a result, Brooke has incorporated 'Crafternoons' on Wednesdays during Summer Reading. School age kids and teens will be able to come in and work on crafts specifically geared towards older kids. Families will be able to drop in to the community room on Thursday afternoons to play games. There will be games available for kids in a variety of age groups. We are also exploring some ideas for engaging teens this fall.

Transition to Summer Reading and All In-Person Programming

Story Time programming is coming to a close this week and we will begin preparing for our summer programming schedule. This is an exciting time as we also move to all in-person programming. This school year we continued one morning of virtual programming for preschool children, but as the year moved along we saw a continued increase in the number of families choosing to come to Story Time vs. to watch online. We will also move away from the Grab and Go crafts and resume crafts during the Story Time programming. We are currently preparing for this year's Summer Reading Program, which is filled with activity and runs from June 12th-July 28th. Thanks to the generous donations from area businesses and the hard work of Miss Brooke our schedule is nearly full of activities and entertainment and educational programming. There are only four days during this time that we have no scheduled activities.
