Director's Report – March Report

Dulcimer Update

The Dulcimer group has been growing, and not only in numbers. The word has spread about the group and we now have participants traveling from Oregon, Lake Geneva, and La Crosse to participate in this unique offering. Due to the group's continued growth, practice times on the first and third Mondays of the month have expanded by an hour to dedicate time to beginners. The group will be performing at the Prairie Haus Apartments in November and are seeking additional performance opportunities. Further, a member of the group is currently working with the group's founder, Milo Parker, to build her own dulcimer out of a tree from her parent's property.

Local Artists

The featured artists during March were the students from the New Glarus Elementary school who displayed their drawings, paintings, sculptures, and other 3D creations. The display brought much joy to children, families, and patrons who look forward to seeing what the kids are learning each year. The library continues to seek new local artists for monthly displays. We will soon be looking for 2026 displays.

Our artist group met last month to discuss the use of social media to promote their artwork and events. This was a hot topic and it will be revisited at the next meeting in June after attendees explore some of the social media platforms and strategies discussed.

Library Page Position

The library will be looking to fill two library page positions. We will be interviewing candidates later this month for a page that recently left. We will be interviewing again in late summer as another page leaves for college.
